 THE UNIVERSITY OF TENNESSEE
CHATTANOOGA
Housing and Residence Life

HISTORY

The University of Tennessee at Chattanooga, in collaboration with the Department of Housing and Residence Life, congratulates the academic and scholastic efforts of our residents during the fall 2022 semester. A UTC Housing and Residence Life student initiated the Scholars in Residence Honors Program in 1990. At that time, the student was serving as an assistant resident director of Lockmillier Apartments and wished to recognize on-campus residents who had excelled academically.

The tradition still continues of promoting and recognizing the scholastic achievement of the residents. This year marks the 33rd anniversary of the Scholars in Residence program.

DID YOU KNOW?

UTC Housing and Residence Life prioritizes academic success and learning in the residence halls.

Freshmen students who live on campus tend to have better grade point averages (GPAs) than those living off campus. On-campus residents who participate in residential learning communities (RLC) tend to have even higher GPAs.

	Freshmen	
	Total	Term GPA Average
On-Campus	1376	2.70
RLC Participants	178	3.02
Off-Campus	503	2.70

UTC Institutional Research (fall 2021)

Freshmen students who live on campus are also more likely than their off-campus peers to return for their sophomore year. On-campus residents who participate in residential learning communities (RLC) are even more likely to return.

	% of Returning Freshmen
On-Campus	67.1%
RLC Participants	79.8%
Off-Campus	58.3%

UTC Institutional Research (fall 2021 freshmen returning fall 2022)

Plus, according to the resident satisfaction survey we sent to our on-campus students in March 2022:

- 91% of students that said living on campus helped them make a new friend
- 90% of residents that would recommend on-campus housing to new students
