University Center, Tennessee Room

## History

The University of Tennessee at Chattanooga, in collaboration with the Department of Housing and Residence Life, congratulates the academic and scholastic efforts of our residents during the fall 2017 semester. A UTC Housing and Residence Life student initiated the Scholars in Residence Honors Program in 1990. At that time, the student was serving as an Assistant Resident Director of Lockmiller Apartments and wished to recognize on-campus residents who had excelled academically.

The tradition still continues of promoting and recognizing the scholastic achievement of the residents. This year marks the 28th anniversary of the Scholars in Residence program.

## Did you know?

UTC Housing and Residence Life prioritizes academic success and learning in the residence halls.

Freshmen students who live on campus tend to have better grade point averages (GPA) than those living off-campus. On-campus residents who participate in residential learning communities (RLC) tend to have even higher GPAs.

	Freshmen	
	N	Term GPA
On Campus	1785	2.66
RLC Participants	120	2.94
Off Campus	772	2.35

Freshmen students who live on campus are also more likely than their off-campus peers to return for their sophomore year. On-campus residents who participate in residential learning communities (RLC) are even more likely to return.

	Freshmen
On Campus	72.3%
RLC Participants	72.5%
Off Campus	66.8%

This year's on-campus students also told us that...

85.4% of respondents agreed that "living on campus has helped me to make new friends."

85.7% of respondents agreed that "living on campus has helped me to interact with other students socially."

90.0% of respondents agreed that "Overall, I am satisfied with my on-campus living experience."
