

Appendix I: PowerPoint guide

Slide #	Details of slides
1	Day 1
2-5	Maps and local scenes of Sanyang
6	Fifth-grade classroom at Sanyang Elementary School
7	Sign of events at Sanyang Elementary School. There is a photo of the students and teachers.
8	Of the nine students in the school, only one of the students is female. She is in her classroom, where she is shown working on her art project.
9-10	The cubbyholes for students' shoes and belongings are almost all empty.
11-13	One of the classrooms has been converted into a driving range for practicing golf. At the end of the school day, students have golf lessons and practice.
14	The photo only shows eight students because one of the students went home early, as he is not interested in practicing golf with the other students.
15	It is common for students when having their picture taken to hold up their first two fingers (like the peace sign).
16	Quote from <i>New York Times</i> article "As South Korean Villages Empty, More Primary Schools Face Closing"
17-18	Former Daehak Elementary School, address 276 Boncho-ri, Daeji-myeon, Changyeong, Gyeongsangnam-do, S. Korea
19	The parking area for the former Daehak Elementary School is now used as a camping area for tourists.
20	Yeongmoon High School in Seoul, South Korea
21	List of total number of classes by grade
22-25	During a break between classes, most of the students were taking a nap at their desks. Slide No. 24 gives more detail on a typical day for a South Korean teenager.
26-33	Population pyramid explanations
34	"South Korea's population pyramids in 1958, 2018, and 2045" handout
35	Directions on how to construct population pyramids
36-39	Answers to "South Korea's population pyramids in 1958, 2018, and 2045" student handout
40-42	"Korea's Working Population Shrinking Fast" video and questions
43-45	Enrichment activity for youth unemployment
46	Class No. 2
47-51	Rice agriculture in South Korea. The women in the photos are pulling weeds.
52	Prototype for an automated GPS tractor
53	Brainstorming question
54-55	Sign and seating on the subway for the elderly, pregnant women, women with young children, and hurt or disabled persons
56-58	Assigned seating for pregnant women on the subway
59-60	Parking for pregnant women
61-62	"Korea's Ultra-Low Birth Rate: Causes and Solutions" video and questions
63-66	"Korea Prepares Emergency Measures to Bolster Birthrate" article and questions

67-68	“South Korea’s Declining Birth Rate” video and questions
69-71	“Potential solutions to low fertility rates” student handout
72-74	Population poster examples
75	Class No. 3
76	Directions and question on Singapore’s way of life
77	Map of Singapore
78	Most people in Singapore live in apartments.
79	Food court in Singapore
80	Condiments at McDonald’s in Singapore, including chili sauce
81	Location for all McDonald’s restaurants in Singapore (globalization example)
82	Mosque in Singapore
83-84	Hindu temple in Singapore
85-86	Buddhist temple in Singapore
87	Methodist (Christian) church in Singapore
88-89	Christmas decorations in Singapore
90	Teachers in Singapore with their religion represented
91	Answers to questions on slide 76
92-95	“Top Ten Things to Know about Singapore in the Twenty-First Century” article and questions
96-97	Singapore commercials on population
98-99	“Singapore’s Population Growth Incentives” video and questions
100-101	“On How Singapore Is Increasing Its Birth Rate” video and questions
102-103	<i>Singapore Interactive Population</i> website
104	“Our population, our future” student handout
105-126	Screenshots from the <i>Singapore Interactive Population</i> website
127	Class No. 4
128	Population advertisements pre-1990 in Singapore
129-133	Population pyramid construction directions
134	“Singapore’s changing population pyramids, 1958-2058” handout
135	Answers to “Singapore’s changing population pyramids, 1958-2058” handout
136	Questions for “Singapore’s changing population pyramids, 1958-2058” handout
