

UTC is dedicated to helping our students achieve the most from their college experience.

Living on campus gives students opportunities that can't be experienced anywhere else. From living close to campus resources to a variety of room options to on-site maintenance staff, living on campus provides opportunities for growth, diversity and responsible living.

The Housing and Residence Life department consists of 10 on-campus complexes; two suite-style and eight apartment-style, all with a variety of shared and private spaces:

- **CONVENIENCE:** You will live close to classes, activities and friends.
- **SAFETY:** UTC's Campus police and security officers are nearby.
- **STYLE:** Nearly all of our residence halls offer apartment-style units, many with a kitchen and in-room washer and dryer.
- **FREE WI-FI:** We offer brand-new, state-of-the-art wireless with a lightning-fast 10-gigabit internet connection.
- **FLEXIBILITY:** There is a mid-year release program for students graduating in December.
- **MAINTENANCE:** If it breaks, our friendly maintenance staff responds quickly to help.

We are all members of the community!
