

# CHATTANOOGA CONNECT 2024

October 21-23, 2024 // Chattanooga, TN

**Join us at Chattanooga Connect 2024** to explore cutting-edge advancements in policy and in Digital Infrastructure, AI, CAV, and Vehicle-to-Everything (V2X) technologies. Hosted by UTC's Center for Urban Informatics and Progress (CUIP), this national event will showcase real-world applications and innovative research, highlighting UTC CUIP's contributions to large-scale V2X technology deployments and paving the way for a smarter, safer, and more connected future.

## A National Convening and a Window Into the Future.

Dive into the future at Chattanooga Connect 2024, where you'll explore cutting-edge advancements in Vehicle-to-Everything (V2X) infrastructure applications, mobility, and connectivity. Hosted by the University of Tennessee at Chattanooga Research Institute and the Center for Urban Informatics and Progress (UTC CUIP), this multi-day workshop features a series of dynamic public conversations about the future of connected mobility and real-world use cases, complemented by engaging breakout sessions and lively after-hours social events. Gain valuable perspectives on national policy developments and regulatory frameworks that are driving the implementation and growth of these revolutionary technologies. Don't miss this exclusive opportunity to witness firsthand how connected and automated vehicles are reshaping our urban environments today and tomorrow.

Industry leaders, state and federal policy makers, & on-the-ground researchers.

Keynote sessions, panel discussions, breakout sessions, networking opportunities, & hands-on workshops.
